Half Day Orchestra

9:00am-12:00pm
\$125

Students in this orchestra should understand simple time signatures, perform patterns in all simple time signatures, and perform melodic fragments containing seconds and thirds. This orchestra will include all string participants regardless of ability level. This is an opportunity for the more advanced student players to act as mentors to the younger, less advanced students. The music in this group will be later elementary and /or early jr. high level. There will be sectionals daily so all participants will feel comfortable with the music by the end of the week. We will again be offering afternoon activities for the half day camp. Let us know if your child is planning to attend staying for these activities. Students will need to bring a sack lunch.
